Professional Summary

Passionate and detail-oriented Full Stack Developer with a comprehensive background in web and mobile application development. Proficient in building scalable backend systems, integrating third-party APIs, and crafting responsive and user-friendly interfaces. Committed to continuous growth through self-study and hands-on experience with emerging technologies.

Technical Skills

- **Programming Languages:** Python, JavaScript, TypeScript, Java, C, C++, Go, PHP, Rust, Dart
- **Frontend Development:** HTML, CSS, React.js, Next.js, Bootstrap, TailwindCSS, MaterialUI, MantineUI, DaisyUI
- **Backend Development:** Node.js, Nest.js, FastAPI, Django, Flask, Spring Boot
- **Mobile Development:** React Native, Flutter
- **Databases:** PostgreSQL, MySQL, SQLite3, MongoDB, Redis, Oracle
- **DevOps & Tools:** Docker, Firebase, GCP, SupaBase, Git, GitHub, Linux, Apache Kafka
- **Data Science & Machine Learning:** Jupyter, NumPy, Pandas, Matplotlib, PyTorch

---

Professional Experience

Backend Developer

Netlinks Inc — *Oct 2024 – Present*

- Developed robust and scalable backend services to support high-traffic applications.
- Integrated RESTful and third-party APIs to extend system capabilities.
- Deployed services using cloud-native technologies.

Full Stack Developer

Listoli LLC — *Jan 2024 – Jun 2024*

- Engineered dynamic and responsive user interfaces using modern frontend technologies.
- Implemented backend logic and services to support application features.
- Collaborated in cloud-based deployment and infrastructure management.
- Optimized performance across the stack to ensure a smooth user experience.

Full Stack Developer

Ministry of Culture and Information — *Jun 2023 – Dec 2023*

- Designed and implemented modular frontend components.
- Improved system performance through effective optimization strategies.
- Worked closely with cross-functional teams to align frontend and backend development.
- Built reliable and secure backend services and integrated external APIs.

Software Development Instructor

Top In Town Technology — *2021 – 2023, Jun 2024 – Oct 2024*

- Created and delivered curriculum on modern software development tools and practices.
- Conducted live coding sessions and practical workshops.
- Mentored students on project development and real-world coding challenges.
- Evaluated progress and provided actionable feedback to improve learning outcomes.

Education

Azad Khan High School

High School Diploma — *2011 – 2022*
Developed a strong academic foundation with a focus on critical thinking and personal growth.

Self-Directed Learning

Programming and Development — *2016 – Present*
Pursued independent study in software development, acquiring deep knowledge in programming languages, frameworks, and software engineering principles.

Core Competencies

- Frontend Development
- Backend Development
- Mobile Development
- DevOps & Cloud Technologies
- Data Science & Machine Learning
- API Integration & System Design
